

## Program Philosophy

The Aabacus Certified Nursing Assistant Program provides an opportunity for individuals to learn skills and prepare for a career in the health care field. The goal of this program is to provide training emphasizing the importance of the nursing assistant and resident relationship. It is the intent of this program to train individuals to recognize and meet the residents needs, to assist the resident to stay independent for as long as possible, taking the time to actually get to know the residents, their routine, preferences and providing care reflecting their understand of the importance of allowing residents to have control over their lives to every extent possible.

After completion of our program, the Certified Nursing Assistant will become a competent; caring and vital member of the healthcare team.
